

We Must Observe Fuel Restrictions

MAYOR RECEIVES FUEL RESTRICTION ORDERS FOR ENFORCEMENT

Under Dr. Garfield's Statement Last Night That Orders Are National in Their Scope, Maysville Must Observe Early Closing and Late Opening.

Maysville must observe the fuel restrictions ordered from the Atlanta office of the Regional Coal Committee, it became known in Maysville this afternoon when Mayor Thomas M. Russell received orders from Atlanta and when it was announced that Director General Garfield had made the order national.

Captain H. J. Cochran, of the Maysville Gas Company, this afternoon issued this statement:

"The control of supply and railroad delivery of coal to Maysville has been and still is under the control of the Pocahontas Regional Coal Committee of the Fuel Administration located at Roanoke, Va. No notice of public regulation has been received in Maysville from the Pocahontas Committee.

"The fuel regulation notice of the Atlanta Regional Committee has been received in Maysville today by the Mayor.

"The statement given out in Washington yesterday in connection with publication of general order of Dr. Garfield to the effect that 'The order which makes national those restrictions already in effect by order of Regional Coal Committees, where the pinch of fuel shortage has been felt, etc.' removes any question of jurisdiction in Maysville as between the Pocahontas and Atlanta Committees.

"The restrictions ordered by the Atlanta Committee should be observed accordingly, at once, and without exception or qualification in respect to use of Natural Gas.

"If the Fuel Administration will make any modifications or exceptions to the rulings so far received and published in consideration of the local conditions and the supply of Natural Gas available or manufacture of elec-

tricity, they will have to come along later after these conditions have been made known to the Fuel Administration having local jurisdiction. "I am making this statement on account of the many questions asked me on the subject and the possible misunderstanding that may arise from previous statements.

"A general interpretation of the orders and instructions, as I understand them, is that we will all have to restrict the conduct of our business and personal affairs during the hours set out and with the exceptions noted, just as we do on Sunday.

HORACE J. COCHRAN, President
Maysville Gas Co.

The restriction orders received this afternoon by Mayor Russell provide that electric signs and advertising displays are eliminated, industries, excepting public utilities and plants engaged in continuous operations, are limited to forty-eight hours' operation a week, stores and office buildings are restricted to the hours of 9 a. m. to 4 p. m. Stores may use heat from 7 a. m. to 4 p. m. allowing 2 hours before opening to warm the building.

Stores selling foods and wearing apparel may remain open until 9 p. m. on Saturdays. Barber shops are restricted to the period between 8 a. m. to 6 p. m. each day.

Mayor Russell this afternoon stated that the Federal Government would be supported to the fullest by the City Government in the enforcement of the restrictions but inasmuch as there had been considerable misunderstanding in the conflicting jurisdiction of Regional Committees everyone will be given an opportunity to understand that the order will be enforced and the strict enforcement will not begin until Thursday, however everyone should observe the order as soon as they learn that the restriction is expected of the business men of Maysville.

Refusal to comply with these regulations will result in coal supplies or electric current being cut off and where it appears a violation of law is involved Federal District Attorneys will be asked to act.

Just received a large of Black Betsy Coal. Will not last long.

Company Proposed to Build 100 New Homes For City's New Citizens

Annual Meeting of Chamber of Commerce is Decided Success--City May Get Big Reynolds Tobacco Factory

The annual Chamber of Commerce banquet and meeting held at the Central Hotel Tuesday evening was in many respects, the greatest meeting of the kind ever held in the city of Maysville. There was a splendid representation of the local business interests present and besides the election of officers and the discussion of plans for a greater Chamber of Commerce there was launched a building plan which will mean a greater Maysville in every respect.

In the selection of officers, the members displayed wisdom for they selected for the various offices just the men best fitted to these positions under the conditions certain to face the organization during the year. The election resulted as follows:

President—Frank L. Hendrickson.
Vice President—George Dodson.
Treasurer—W. W. Ball, Jr.
Directors:
Industrial Affairs—John Welsh.
Retail Affairs—J. M. Hunt.
Organization Affairs—A. L. Merz.
Civic Affairs—George H. Frank.
State and Federal—E. T. Kirk.
County Affairs—A. L. Glascock.

The report of Acting Secretary Geo. Kirk was read. The report recited the various activities of the Chamber since his assuming the office management.

By far the most important feature of the entire meeting was the starting of a movement to organize a Maysville Chamber of Commerce Building Association for the purpose of building a number of new residences to house new citizens who would be attracted here by a big industrial development which is certain to come to Maysville should the proper housing facilities be offered by our city. It was pointed out that the one thing that was at present holding Maysville back as an industrial city was the inability to house new residents.

Mr. E. T. Kirk, district representative of the R. J. Reynolds Tobacco Company, addressed the business men explaining to them the plans of his company as regards Maysville. He stated that it was the plan of the Reynolds Company to make their Maysville plant one of the largest plants in the entire South by building the present building out to Forest Avenue and three stories high making of it a manufacturing plant as well as a handling house; taking tobacco in the back way in the leaf and bringing it out the front way manufactured in packages ready for sale on the store shelves. This was impossible at the present time, however, Mr. Kirk explained because Maysville was unable to house the employees necessary to the operation of such a plant. He suggested the organization of a Building Association by Maysville business men for the purpose of erecting residences for the housing of the employees necessary for the plant therefore bringing to Maysville a pay roll of several thousands of dollars each week.

The suggestion spread like wildfire over the gathering of business men and every man present seemed to think that this was another time when opportunity was knocking at Maysville's door and that the Maysville people should open the door and admit the opportunity. It was suggested that such a Building Company be organized and within a very short time \$31,600, was subscribed by the business men present on the \$50,000 sum necessary to start the company to erect one hundred new residences immediately. These subscriptions were as follows:

President Hendrickson has called a meeting of the new Board of Directors for this evening when this matter will be taken up again and plans will be laid for visiting the other business men of the city in order to make the fund \$50,000. When this figure is reached plans will then be made for the organization of the company and property will be purchased and contracts let in the very immediate future for the erection of these one hundred new homes.

At the meeting this evening the new Board of Directors will also discuss the matter of signing up members for the year of 1920 and a canvass of the business men will be made in the very near future to line-up the membership for next year.

The Chamber of Commerce at the present time seems to be held in high esteem by the local business men than at any time since its organization and it is almost certain that every business man in the city will become a member.

The matter of selecting a Secretary will probably be taken up by the directors at an early meeting but until a Secretary is selected, Mr. George Kirk will continue as Acting Secretary.

The Ladies' Missionary Society of the Christian Church meets tonight with Mrs. A. F. Stahl at the Church parsonage. All the ladies of the church are invited to attend.

SPECIAL DAYS TO BE OBSERVED IN CHURCH AND SCHOOL

Friday, Saturday and Sunday Set Aside as Special Christmas Seal Days in the Nation.

Washington, D. C., December 3.—Surgeon General Rupert Blue has issued an appeal to observe Christmas Seal Day in the schools and in all places of worship in the United States, December 5, 6, and 7. The Surgeon General who is deeply concerned with the spread of tuberculosis in the United States calls upon the people of the country to buy Red Cross Christmas Seals and to add in the fight being conducted by the National Tuberculosis Association against the white plague.

A great lack of hospital beds for "consumptives" is reported by the Association in a statement issued today. In many communities in the United States, it is said, not only is there a shortage of hospital facilities, but there are no beds at all for such cases.

The Red Cross Christmas Seal, it is pointed out, will be a big factor in solving this problem, for the nationwide campaign is to be financed by the sale of more than 650,000,000 seals, which started December 1.

Baltimore, Maryland, has figured out her yearly economic loss from tuberculosis to be \$3,269,670.

This conclusion is arrived at by A. E. Sinks, Executive Secretary of the Maryland Tuberculosis Association. The Maryland organization is one of the 1000 states and local societies affiliated with the National Tuberculosis Association, now directing the Red Cross Christmas Seal Sale to raise \$6,500,000, which began December 1. Kentucky's share of this fund is \$130,660.

Although the release of a quantity of water from the city reservoirs a few days ago again made the local water situation rather gloomy, it is understood that the situation is again fairly well in hand and the officials are again feeling encouraged.

COURT CALENDAR SET FOR DECEMBER TERM

Very Few Civil Actions Are Set Down For Trial During the December Term by Court and Lawyers at Meeting Today.

The Mason Circuit Court was in session for a short time only this morning when the members of the bar met with Judge Newell for the fixing of the calendar for jury trials to be held at the December term.

The lawyers seemed willing for the most of the cases to go over until the next term. After going through the cases carefully the following were set for trial this term:

Thursday, December 18—Chambers vs. Union Underwriters Company; Gray vs. Same; O'Donnell vs. Same; Carter vs. L. & N. R. R.

Monday, December 22—Fitzgerald vs. Director General of R. R.; Darnall vs. Gallagher; Cracraft vs. Gallagher; Dickson vs. Bell.

Monday, December 29—Home Whose Co. vs. Western Union Telegraph Co.; Haughaboo vs. First-Standard Bank.

Tuesday, December 30—Dorrah vs. Bates-Rogers Company.

Thursday, January 1—Humphreys vs. C. & O. Ry. Co.

IMPORTANT CHURCH MEETING THURSDAY

Following the prayer meeting service to be held at the First Baptist Church on Thursday evening the regular monthly business session of the church will be held. This will be the most important business meeting of the year as officers and teachers of the Sunday School will be elected as well as deacons and officers of the church.

DIED IN INDIANAPOLIS

Mrs. Cecil Hutchins of Indianapolis, Ind., daughter of Mr. and Mrs. James Dunbar formerly of this city, died at the hospital in Indianapolis Tuesday morning, December 2. Remains will be brought to this city for burial. Funeral at the home of her aunt, Mrs. Bettie Trister Friday afternoon at 2 o'clock.

ORANGEBURG WANTS NEW CONSOLIDATED SCHOOL BUILDING

Mason County Board of Education Asked to Co-operate With Orangeburg Residents in Erection of New School Building.

A committee of Orangeburg citizens has waited on the Mason County Board of Education asking that the county board lend their assistance to a project to build at Orangeburg in the very near future a new Consolidated School building.

The building now being used at Orangeburg is wholly inadequate and the people in that district have a fine lot of youngsters and in every way a first class school except the building.

It is understood that a company will be organized in the Orangeburg section immediately and that plans will be started in the very near future to vote a special tax in that district to pay for transportation. If the people of the Orangeburg neighborhood show they want a new building such as other districts of the county now have, there is no doubt but that the County Board of Education will lend them their support.

TYPHOID PATIENTS ARE DOING NICELY

Reports from the Maysville people who are now suffering from typhoid fever are to the effect that all of the patients are now doing nicely. Little Miss Chloe Newell, who probably was in a more serious condition than any, is reported as resting much easier.

Prayer Meeting service at the T. Street M. E. Church tomorrow evening at 7 o'clock led by the pastor, Rev. Peters. A very important meeting of the Sunday School Board will be held at the close of the prayer service. Plans for Christmas will be considered as well as for advanced work in building up the school. Every officer and teacher is urged to be present.

1915—Germans concentrated at Rostchuk to meet threatened invasion of Bulgaria by the Russians.

WOMEN IN BUSINESS

Woman's power in American is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the war. Health proved their strongest asset. Many women, however, developed weak, nervous conditions and could not stand the strain of a business life. Such women should remember there is one tried and true remedy in Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring health and strength to the women of America.

Public Sale OF BEAU DONALD AND FAIRFAX Hereford Cattle

To settle the estate of the late U. G. Saunders and the partnership of Saunders Bros. & Carpenter, we offer for sale our entire herd of Registered Hereford cattle.

On Thurs. Dec. 11

Beginning at 1 O'clock P. M.

At Tattersall's sale barn in the city of Lexington, Ky., without reserve or hybrid, the following described cattle:

COWS, HEIFERS AND BULLS
32 Cows with calves at foot; all bread and safe with calf.
12 Cows most of which will calve soon. All the above cows have been bred by Bryn Du Fairfax, the 2300-lb. bull bred by Warren T. McCray, Kentwood, Ind.
7 2-year-old Heifers, all bred to son of Bryn Du Fairfax. An extra good lot and will calve February and March next.

9 Heifers, extra nice yearlings, open.
3 Weanling Calves, early heifer.
8 Yearling Bulls.

The public is given an opportunity to buy these solely because of the death of U. G. Saunders. This herd of Herefords was the pride of Mr. Saunders' business. For the past 15 years he spared neither time nor money to make it the best.

Must be seen to be appreciated. These cattle are all good individuals, beautiful deep reds with splendid markings. They are in fine flesh and are all registered.

A cordial invitation extended to everyone whether you buy or not. For catalogue or further information apply to S. J. Douthitt, Newcastle, Ky., Giltner Bros., Eminence, Ky., M. C. Saunders, 800 E. Main Street, Lexington, Ky., L. P. Lee (representing U. G. Saunders estate) 240 S. Ashland, Lexington, Ky.

PALE CHILDREN NEED GUD'S PEPTO-MANGAN

Unnatural for Children to be Pale and Thin—Paleness is Sign of Thin, Watery Blood; Pepto-Mangan Makes Red Blood; Prepared in Liquid and Tablet Form—Both Possess Identical Medicinal Qualities.

It is necessary for boys and girls to laugh, romp, play, and enjoy themselves, for it is at that stage of life that the foundation is laid for future health.

Prompt attention should be given to the child who seldom laughs, whose physical condition prevents playing like the other children, whose appetite is poor, and who tires easily.

If the lassitude is due to poor blood, which is often the case, a simple, safe, and pleasant remedy is within easy reach. Gud's Pepto-Mangan is just the tonic for pale, thin children. Gud's Pepto-Mangan contains the very ingredients that increase and enrich the blood, enabling it to supply the entire body with the sorely needed vigor, strength and vitality that make happy, romping children.

For the convenience of the public Pepto-Mangan is prepared in tablet as well as liquid form. Both forms possess exactly the same medicinal properties.

When you ask the druggist for Pepto-Mangan, look for the name "Gud's" on the package. If it is not there it is not Pepto-Mangan.

Charles C. McChord, who celebrates his 60th birthday today, has been a member of the Interstate Commerce Commission of the United States since 1910, and has served as the chairman of that body. He is a Kentuckian, who was educated at Centre College, Danville, and who chose law as his profession. He lived in

Louisville from the time he was admitted to the bar until he left for Washington. His selection for the Federal post was based on the record he had made as chairman of the Kentucky State Railway Commission of the Kentucky State Railway Commission of which he was twice chairman. He also had served as counsel for the State in important litigation involving

popular rights as against corporation claims. In the early part of last year Mr. McChord was named to represent the Interstate Commerce Commission on a special commission to analyze and recommend action on railroad wage and labor questions.

"Knew we'd get together"

—Ches. Field

HERE'S where the particular smoker meets the particular smoke—Chesterfield.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Samson—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the exclusive process by which they are blended that gives to Chesterfields that *satisfying* body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do *satisfy* as no other cigarette has *satisfied* you before—and to top it off, they are packed in a glassine paper package that preserves for you all of that delicious flavor.

EPISCOPAL DRIVE BEGINS DECEMBER 7 IN THIS PARISH

Maysville Parish is Asked to Raise \$22,48 in Big Episcopal Campaign Throughout Nation.

An experiment to see whether religion, when religion is taken seriously is capable of exercising a constructive and stabilizing influence, upon the chaotic conditions of the war-torn world, is the characterization of the Nation-Wide Campaign of the Episcopal church as given by the Right Rev. Charles Palmerston Anderson, D. D., Bishop of the Episcopal Diocese of Chicago. The campaign starts December 7, this city, and parish are vitally interested in the work.

Bishop Anderson was head of the commission of American clergymen sent to Europe to sound sentiment and arouse interest there in a world conference of the Christian Churches.

He is one of the outstanding advocates and orators of the Nation-Wide Campaign. When the commission on that campaign was chosen Bishop Anderson was the first prelate selected, the choice being dictated by his natural fitness for the place and his warm sympathy and enthusiasm for the cause. Born and ordained to the priesthood in Canada, he became a rector of Grace Church, Oak Park, a suburb, of Chicago in 1891. In 1904, he was elected Bishop Coadjutor of Chicago and in the following year succeeded to the Episcopate.

"The Nation-Wide Campaign is no longer a plan under consideration," says Bishop Anderson. "It is a program in operation. The machinery has been set in motion, and nothing can stop it."

"It is primarily a campaign of education. Its purpose is to inform the mind, to quicken the conscience, to deepen men's spiritual convictions and to awaken the church from its unconscious slumber to meet the perils of the new day. The movement is so wisely planned that it cannot fail to unify the church, to increase the efficiency of its working organization, and to inaugurate a new era of spiritual power. It makes no appeal beyond the appeal of plain statement of facts concerning the opportunities and needs of the Church."

"It goes straight to all classes alike with the same challenge to the best that is in them. No class or group can afford to hold aloof."

"Some capitalists say that the church is socialistic. Some socialists say that the church is capitalistic. All churchmen know that it is neither, but that it furnishes the only environment wherein both can meet in their proper relations to each other and to God."

Buy in Maysville. It pays.

PERFECT LIGHT!

PLENTY OF ROOM!

Every convenience for man, beast and Tobacco.

The house of team work—where every employers thoroughly knows and competes for his job. Where every basket of Tobacco is put in the most attractive manner possible before offering for sale.

If you have been a patron—you know; if not try us with a load and we will more than satisfy you.

NOW OPEN TO RECEIVE TOBACCO.

SALES OPEN

TUESDAY, DECEMBER 9th

Attention, TOBACCO GROWERS

Maysville Market Opens Dec. 9

Our house is open now to receive, insure and take care of your tobacco.

Having built an addition that will double our floor space we hope to be able to handle all that comes.

Indications point to highest prices ever known, and while GOOD HANDLERS have been well paid for their trouble in the past it will be more noticeable during this era of high prices than ever before. DO YOUR BEST—not handle in any old slipshod manner.

With our many years of experience in the tobacco business, we have not gotten to the place where we claim to know more and can do more than any one else connected with the trade. BUT we do promise to use every effort within our power to get satisfactory results on all Tobacco entrusted to us.

A Good Rain Coat

IS HARD TO GET

But we make it our business to get good ones. For its our bread and meat. Sell any man a good article, brings him back again. We try to do this in everything we sell, but especially raincoats. \$7.50 buys a fair Raincoat. \$10.00 buys a good one. \$12.50 buys one guaranteed to be absolute water proof. Then they run up to as high as \$40 to the imported gabardines.

TOBACCO SEASON OPENS WITH PRICES FROM 10c TO \$1.00

Opening Prices at Lexington Are Higher Than First of Last Season—Record Breaking Crowd in Attendance.

Lexington, Ky., December 2.—With 6,000 tobacco growers on the market, the Lexington loose leaf sales started for the season today with prices considerably higher than at the opening a year ago, but not so high as later in the 1918 season.

Prices ranged from 10 cents to \$1 a pound, the latter figure being paid for sixty pounds of the crop of W. M. Alexander, a Fayette county colored man, who raised 460 pounds on a fourth of an acre, which paid him \$316.46, or at the rate of \$1,265.80 an acre.

Besides the sixty-pound basket at \$1 Alexander had 120 pounds which brought 90 cents a pound and 150 which sold at 75 cents.

There was a considerable number of baskets which sold at 70 to 90 cents, and a number of crop averages running beyond 60 cents a pound.

Sales were held at the Peoples' No. 2, Shelburne No. 1, and New Headley No. 1, with the crowds so large that the auctioneers had to request the farmers to stand back and give them room. No such crowd had ever before been seen in the Lexington tobacco district. For several blocks, in fact from Maxwell street to Tattersalls warehouse, opposite the Fair Grounds, both sides of the main and cross streets were lined with automobiles, besides the buggies.

No report of the total of the sales was available, but it was said it would go close to the million mark. There was considerable poor tobacco among the first day's offerings, as well as some first class leaf, and for the latter the bidding was spirited.

Two sets of buyers were on the floors and this will be increased to three within a few days.

Some crops sold as follows:
Earl Edmunds, Fayette—7490 lbs. for \$3,817.10.

Sam, 5345 pounds for \$1,120.60.
D. B. Brunner, Fayette—420 lbs. for \$87.65.

G. W. McKinney, Fayette—5460 lbs. \$2,195.97.

Mann Roberts, Fayette—6640 lbs. for \$2,038.94.

Webb & Burgess, Madison—4565 lbs. for \$2,412.87.

Dan Taylor, Fayette—3070 lbs. for \$1,172.70.

People's No. 2 these crops were among those sold:

Tuttle & Curry, Fayette—R. R. 9, 2360 lbs. for \$1,018.13.

Hart & Goodpastor, Fayette, R. R. 11—2,335 lbs. for \$942.60.

A. McIntyre, Fayette, R. R. 2—775 lbs. for \$370.60.

T. B. Brady, Greendale—3,465 lbs. for \$1,884.20.

Reynolds & Pollard, Jessamine, 4, 125 lbs. for \$2,571.92.

G. D. Reynolds, Jessamine—3,025 lbs. for \$1,903.98.

GRAND JURY MEETS AGAIN THURSDAY

The Mason County Grand Jury which was in session on Monday will meet again Thursday morning at their room in the Court House to begin their investigations into conditions in general in Mason county. The Grand Jury will probably adjourn for a time after investigating all cases sent direct to them from the examining courts.

COUNTY COURT

In the Mason County Court this afternoon H. W. Cole was appointed guardian of Gertrude M. Downey and Agnes Cecelia Downey and he qualified as such with C. L. Wood as surety on bond.

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time. Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Henry S. Gallenstein, blacksmith, 424 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 9, 1912.)

RESULTS THAT REMAIN
Over four years later, on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent." Price 40c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. SEVERE WEATHER AHEAD

A special cold wave warning was received by Weather Forecaster W. C. Devereaux yesterday afternoon from Washington. The temperature will drop 20 or more degrees by night, and indications are that cold weather will continue the remainder of the week.

In his forecast yesterday morning Mr. Devereaux predicted temperature drops to between 15 and 20 degrees above zero by this morning. He says he does not think the temperature this morning will be lower than 15 degrees above zero, but in view of the special forecast from Washington the temperature tonight will be 10 degrees or lower.

Extremely low temperatures were reported yesterday from the Northwest. In Alberta, Canada, the mercury fell to 36 degrees below zero; in Minnesota, to 20 degrees below; in Iowa, to 12 degrees below, and in Kansas, to zero. The cold weather is expected to cover the eastern half of the country today and tomorrow, giving the lowest temperatures of the season.

MARRIED IN CINCINNATI
